EXAMINER'S REASON FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance.

The prior art of record and the IDS filed on 6/14/05 does not teach or suggest individually or in combination the limitation of a data storage system having a serial ATA disk drive having a first serial data path for the input of serial data and a second serial data path for the output of serial data, a first serial ATA disk drive controller having a first serial data path for the input of serial data and a second serial data path for the output of serial data, a second serial ATA disk drive controller having a first serial data path for the input of serial data and a second serial data path for the output of serial ATA, and a buffer or multiplexer with an input and first and second buffered/multiplexed outputs wherein coupling unit comprises a multiplexer unit for selectively establishing in a first mode a coupling of one of the SATA channels with the SATA drive in a second mode for establishing a loop back function by coupling the first and second SATA channel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
